Dear Sir/adam

I have come to know **Ms. Donia**                    **Almadani** as one of my best students during my teaching role in the Department of Computer Science in the Faculty of Computer and Information Systems at Umm Al-Qura University, Makkah, Saudi Arabia.

I have taught her three courses **Computer Programming, Advanced Programming and Database 1**, which all include theoretical and practical work. She passed all courses with (A+) and graduated with GPA 3.96 out of 4. Her grade shows a high motivation. She is a very competent, hardworking and eager to learn. She is a student with a well-disciplined attitude and gentle personality.

I do have the very confidence that she will perform at a high standard in whatever area she will pursue in the future. I believe that she will be a very successful graduate student and she will have the ability and drive to achieve her professional goals.

If I can be of further assistance in this matter, please do contact me.

Sincerely yours,

**Dr. Aeshah A. Alsiyami**
